

MERGERS AND ACQUISITIONS

Rutan & Tucker's M&A lawyers are experienced in acquisitions, dispositions, and joint ventures in a variety of industries, including construction, energy, technology, information services, service industries, aerospace, healthcare, FinTech, and manufacturing. Drawing on the firm's broad-based transactional skills and specialist expertise, Rutan & Tucker is able to lead almost any transaction in an efficient and business-focused manner.

The firm regularly represents:

- Public and private strategic buyers and sellers, including Fortune 500 companies and emerging companies.
- Financial buyers and sellers, including private equity and venture capital firms.
- Financial advisors.

We understand that in today's business world, a law firm does not add value by merely focusing on papering transactions. We work with clients to effectively structure deals with a focus on value creation and understanding each transaction's unique risk profile.
