

## **PRIVACY AND TECHNOLOGY**

---

Rutan is on the leading edge of privacy, security, and technology regulation, compliance, and thought leadership. The Privacy and Technology Practice Group has significant experience assisting companies in developing global privacy programs as well as compliance with CCPA, GLBA, HIPAA, TCPA, CAN-SPAM, COPPA, GDPR, ePrivacy Directive, and global privacy laws and regulations. The working group assists clients in drafting and negotiating professional services agreements, technology licenses, and other types of commercial agreements involving data sharing, and has experience drafting and revising privacy notices, terms of service, incident response plans, information security policies and other data protection policies.
